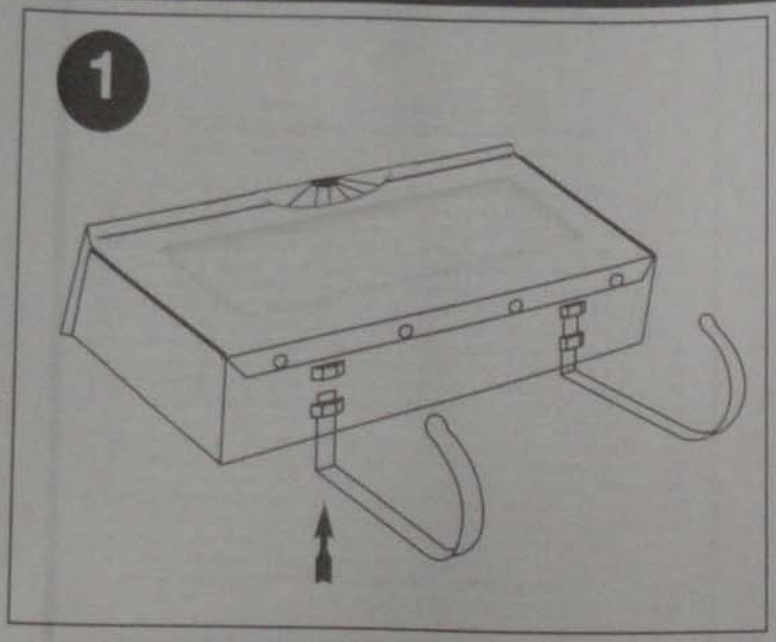
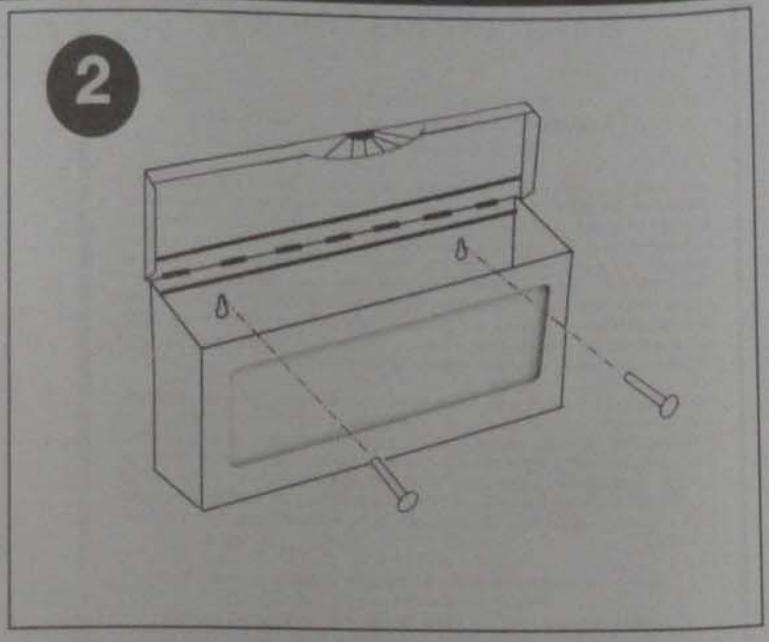
MOUNTING INSTRUCTIONS FOR THE AMBOY™ CITY BOX

INSTRUCTIONS DE MONTAGE: AMBOY™
INSTRUCCIONES PARA EL MONTAJE: AMBOY™





1. If you want to use the enclosed Newspaper Arms, insert them into slots in bottom of mailbox as shown above.

1. Si vous voulez utiliser les bras à journaux inclus, insérer-les dans les fentes situées en partie basse de la boîte aux lettres, comme indiqué ci-dessus.

1. Si usted quiere utilizar los soportes incluidos para el periódico, insértelos dentro de las ranuras localizadas en la parte inferior del buzón como se muestra arriba.

2. Use the correct type of fastener (*not included*) for the material to which you will mount your mailbox. Secure mailbox to wall by passing the fasteners through the two "keyhole" slots in the back of the mailbox.

2. Utiliser le type d'attache (non incluse) adapté au matériau sur lequel vous installerez votre boîte aux lettres. Fixer la boîte aux lettres au mur en passant les attaches au travers des deux fentes en forme de « trous de serrure » situées à l'arrière de la boîte aux lettres.

2. Utilice el tipo correcto de sujetador (no incluido) para el material con el cual usted está instalando el buzón. Asegure el sujetador a la pared pasándolo a través de cada ranura "bocallave" en la parte posterior del buzón, luego a través de la arandela de caucho (se incluyen 2).

Information & Assistance
